ELBA, ALA. DEC 9, 1910.

Gov. Comer intimates that he will have something interesting to communicate when our lawmakers meet in Montgomery.

While we are organizing corn clubs, and trying to break the record in corn culture, we should not forget to try and improve our cotton, for this is, after all the most important crop we raise, and the most profitable that can be grown in this country. Land that will make 50 bushels of corn will make \$85 worth of cotton with the same cultivation and at about the same expense.

Granulated Eye Lids
are easily cured—Caustic is not necessary. Sutherland's Eagle Eye Salve is painless and harmless and guaranteed to cure. Has never failed on a case, costs 25c.

We publish to-day a communication from Mr. W. C. Jones, one of our county commissioners, and one of the most conservative and best informed men on county affairs that we have. After seeing the good roads that are being built in nearby counties, and investigating their cost, Mr. Jones is convinced that it would be good for Coffee to have good roads and says so in his communication. Read what he has to say.

Eczema
is considered hard to cure. Try Dr. Bell's Antiseptic Salve and you will change your mind. You will see an improvement from the first application.

The movement on the part of a portion of the Alabama Press Association to repeal the law prohibiting railroads from furnishing newspapers free passes in exchange for advertising, will not meet with approval from a majority of the weekly press. It is best for the railroads, the press and the public that the law stand as it is.

MRS. MARY B. EDDY DEAD.

Leader of Christian Science Church Passes to Beyond. Mrs. Mary Baker Glover Eddy, founder and leader of Christian Science, died Sunday morning at her home in Chestnut Hill, Mass. "Natural causes," explains the death, according to Dr. George L. West, a district medical examiner, who was summoned a few hours after Mrs. Eddy passed away. Later Dr. West added to his statement by saying that the more immediate cause was probably pneumonia. The news of Mrs. Eddy's death was made known simultaneously by Judge Clifford P. Smith, first reader of the church, at the close of the morning service, and by Alfred Farlow, of the Christian Science publication committee, in a statement to the press.

INFRINGEMENT OF ANTI-TRUST LAWS

Such Is Charged Against Three Corporations.

INDICTMENTS ARE FOUND

Alleged Infringement Charged by Federal Courts Said to Be Based on Reported Shipments at Lower Rates—Two Individuals Also Indicted.

After hearing testimony for several days, the federal grand jury of the United States court for the southern district of Georgia, at Savannah, handed down indictments charging an infringement of the anti-trust laws on the part of three large corporations and two individuals. The Atlantic Coast Line railway and Seaboard Air Line railway were each jointly indicted with the Merchants and Miners Transportation Company for specific violations of the Sherman anti-trust and Elkins laws, while Harvie Miller and Morris Miller, grain merchants and members of the firm of L. F. Miller & Sons, of Philadelphia, were the individuals to feel the wrath of the government. It was anticipated that the corporations and Harvie Miller would be present, the rumors coming from an authoritative source, but no expectation existed in connection with Morris Miller. The Merchants and Miners Transportation Company was indicted three times, once as a sole offender and twice in connection with the Seaboard Air Line and Atlantic Coast Line railways. Morris F. Miller and Harvie Miller, of Philadelphia, were immediately arrested and placed under bonds of \$5,000 each. The indictments are lengthy documents, covering in one instance 75 pages. The others vary in length down to 25 pages. In each indictment specific allegations are made of the facts which constitute the alleged infractions of the anti-trust laws. Dates are given when the defendants are alleged to have made shipments over the lines named at rates less than those on file with the interstate commerce commission.

Man Thought to Be London Fiend Under Arrest in California. Having admitted during his moments to the police that he fled from England fifteen years ago in fear of being arrested as "Jack the Ripper," who committed the notorious White chapel crimes of the late eighties, Jack Shaw is being detained in the insane ward of the county hospital at Los Angeles, Cal.

Shaw was arrested through the efforts of the Legal Aid Society, the complaint being that he attempted to murder Edith Tyson, his half sister. The man's mental condition was found to be such that he was locked up in the insane ward.

His past life will be investigated, and the local authorities will notify the London police of their suspicions. Shaw has not admitted he is the notorious "Jack the Ripper," but his constant references to the subject indicate that it is deeply impressed on his mind. He is 50 years of age. Miss Adele Aurora, an attaché of the Globe Tailoring Company, in the Textile building, at Cincinnati, Ohio, committed suicide by jumping from a window on the ninth floor to the pavement below. Her skill was fractured and practically every bone in her body was broken. The horrible deed was witnessed by hundreds of early shoppers in the downtown district. It is said her suicide was due to disappointment in love.
